LANARK IN-LAMB SALE CONDITIONS

1. All sheep entered must carry an MV Accredited Status.
2. Scrapie Genotyping is voluntary. Genotype information to be displayed in the sale catalogue must be supported by valid genotype certificates forwarded along with the sale entry forms and pedigree certificates.
3. Tagging – All sheep must comply with Government tagging legislation appropriate to the age of the sheep and must be identified with the Society individual ID consisting of the breeder's 3 letter flock code, year letter and individual number. All tags must be Allflex Ovina, Babe & Button combinations and must include the Society logo. The vendor shall be responsible for the correctness of identity. Any tags which are tampered with, hand written/bear marks, are faulty or illegible will be rejected from the sale.
4. Substitute entries will be accepted, but all information must be notified with the Auctioneers at least 24 hours prior to the start of the show.
5. All sheep will be sold in guineas.
6. All sheep to be back-stamped with their individual lot number.
7. The vendor must verbally declare in the ring whether a female has been flushed and if any embryo's have been recovered.
8. The purchaser should notify the Auctioneers of any defects such as soundness and the corrections of a lot within one hour of the conclusion of the sale to the Auctioneers.
9. Exhibitors should be dressed in white coats in the show ring.
10. It is the responsibility to ensure that each exhibit is available for the judging at the correct times. Exhibits not forward for judging will not be judged.
11. All prize winners must be offered for sale at auction by the exhibitor at the sale following the show. All awards and all prize monies maybe withheld unless prize winners are bonafida sold by the auction.
12. The decision of the judge is final in matters of judging.
13. Errors and omissions. The Auctioneers can accept no responsibility for any errors or omission printed in the catalogue.

CONDITIONS OF SALE

All sheep are sold under the Conditions of Sale as displayed in the market

recommended for use by the

Livestock Auctioneers' Association Ltd

53 Female sheep not described as in lamb

53.1 *Vendor's warranty*

The **vendor** warrants that a female sheep not described in the catalogue or at the time of sale as **in lamb** is not **in lamb** at the time of sale. This warranty is **a 14 week +5 day warranty**.

53.2 *Purchaser's rights*

If the **purchaser** proves a breach of warranty then, at the **purchaser's** option, either the **purchaser** may exercise his rights under Condition 66, or the **vendor** shall pay to the **purchaser** as **liquidated damages** a sum equal to the amount in paragraph (i) of the Appendix. Notice of a claim must be supported by a **veterinary surgeon's certificate** or a slaughter-house manager's or other competent person's certificate confirming that the sheep was **in lamb**.

54 Female sheep described as correct

54.1 *Vendor's warranty*

The **vendor** warrants that all female sheep described in the catalogue or at the time of sale as correct are sound in mouth and udder, that is they are not lacking any of the 8 broad teeth and do not have any damaged or worn teeth or a defective udder. This warranty is **a 5 day warranty**.

54.2 *Purchaser's rights*

If the **purchaser** proves a breach of warranty then, at the **purchaser's** option, either the **purchaser** may exercise his rights under Condition 66, or the **vendor** shall pay to the **purchaser** as **liquidated damages** a sum equal to the amount in paragraph (i) of the Appendix. Notice of a claim must be supported by a **veterinary surgeon's certificate**.

55 Female sheep proving barren

55.1 *Vendor's warranty*

The **vendor** warrants that any female sheep sold as being **in lamb** is **in lamb** at the time of sale. This warranty is **a 21 day warranty**.

54.2 *Purchaser's rights*

If the **purchaser** proves a breach of warranty he may exercise his rights under Condition 66. Notice of a claim must be supported by a **veterinary surgeon's certificate**.

59 **Stock Rams – Beltex Sheep**

59.1 *Vendor's Warranty*

The **vendor** warrants that any ram sold as a stock ram for the amount in paragraph (j)

of the Appendix or more is capable of and effective at natural service. This warranty lasts from the date of sale to the 15th December in the year of the sale.

59.2 *Purchaser's rights*

If the **purchaser** proves a breach of warranty then the **purchaser** may return the ram to the **vendor** who shall, at the **purchaser's** option, either replace the ram with another ram of equal value which is capable of and effective at natural service, or refund the purchase price together with such other costs and charges as the **purchaser** may be entitled to under these Conditions. Notice of a claim must be supported by a **veterinary surgeon's certificate** confirming that:

- (a) the ram's incapacity or ineffectiveness is not the result of injury, accident or illness happening after the time of the sale; and
- (b) the **purchaser's** breeding stock are not responsible for the ram's incapacity or ineffectiveness.

BELTEX - THE STANDARD OF EXCELLENCE

General Appearance

The Beltex is a medium sized sheep, long in body. It is wedge shaped from a narrow shoulder to a distinctive large double-muscled hind quarter.

Head

The head is generally white in colour but may have black, blue or brown shadings or patches. Colour is irrelevant to quality. The fore face is short and thick.

Neck

The neck is thick and short.

Body

Well muscled shoulder. A wide back and long barrel shaped body.

Gigots

The distinctive characteristic of Beltex Sheep is the double-muscled hindquarters, sloping pelvis, low set tail, deep flushed, well rounded and full of meat. The excessive hindquarter development when compared to the line of the shoulders gives a wedge shaped appearance.

Legs

Sheep should be mobile and capable of natural service. Joints should be straight and sound. Legs are usually white but colour is relevant. Feet tight. Pasterns upright. Fine bone structure.

Fleece

Tight, dense of medium staple length, affording a good protective birth coat to the lamb. A medium to tight fleece is tolerated.

Bone

Fine bone is a desirable characteristic.

Teeth

Teeth are scored on a 1 to 5 scale, where 1 is extreme and 5 extreme overshot, with 3 being perfect. Only animals with a score of 2,3 or 4 are considered acceptable.
