BELTEX - THE STANDARD OF EXCELLENCE

General Appearance

The Beltex is a medium sized sheep, long in body. It is wedge shaped from a narrow shoulder to a distinctive large double-muscled hind quarter.

Head

The head is generally white in colour but may have black, blue or brown shadings or patches. Colour is irrelevant to quality. The fore face is short and thick.

Neck

The neck is thick and short.

Body

Well muscled shoulder. A wide back and long barrel shaped body.

Gigots

The distinctive characteristic of Beltex Sheep is the double-muscled hindquarters, sloping pelvis, low set tail, deep flushed, well rounded and full of meat. The excessive hindquarter development when compared to the line of the shoulders gives a wedge shaped appearance.

Legs

Sheep should be mobile and capable of natural service. Joints should be straight and sound. Legs are usually white but colour is relevant. Feet tight. Pasterns upright. Fine bone structure.

Fleece

Tight, dense of medium staple length, affording a good protective birth coat to the lamb. A medium to tight fleece is tolerated.

Bone

Fine bone is a desirable characteristic.

Teeth

Teeth are inspected and assessed as correct at the discretion of the inspector.

REDUCTION SALE OF THE CORSTANE AND BROUGHTON FLOCKS

(On behalf of Messrs Dunlop)

L – R – Broughton Dido DSB.D125 (Lot 176); Broughton Beckie ET DSB.B117 (Lot 165); Broughton Braw Lass ET DSB.B113 (Lot 164); Corstane Whoopie-Do MDC.W072 (Lot 159); and Broughton Corriander DSB.C190 (Lot 169)

FOREWORD

Having established the Corstane and Broughton Flocks in the early 1990's, we have always bred true to type with emphasis on size; length; and carcass.

Over the years we have picked up a few notable achievements – Royal Highland Show Champions in 1999; 2004; 2009; and 2014. Also, top prices for Corstane Whistler; Broughton Chalmer; Broughton Willie Wonder; and our favourite Broughton Poundstretcher, plus many more. Tups sold over the years have gone on to sire Champions at The Royal Highland Show; many local shows in the UK; Scottish Winter Fair; and Carcass Champions.

We are fortunate to have a surplus of quality females available for sale. With our pure female ewe numbers at 90, we are looking to reduce our flock by bringing this consignment of 20 females to market. We have retained mothers, sisters, half sisters and daughters in the flock.

Best wishes - the Dunlop family

CORSTANE AND BROUGHTON FLOCKS

REDUCTION SALE OF THE CALLACRAG FLOCK

(On behalf of Messrs Baillie)

FOREWORD

Established in 1996, all foundation females and stock rams of the Callacrag Beltex flock were purchased with the much desired attributes of correctness and good, strong commercial traits in mind. A policy that is still adhered to today, in order to produce a large number of rams and gimmers for both the pedigree and commercial markets, selling between 40 - 50 rams per year and consistently averaging over £800.

The flock has been running between 80 - 100 ewes for a number of years, but due to recent staff changes, the decision has been made to reduce this number slightly at this time to allow for the development of the upcoming generation of the Callacrag team, giving them time to learn, grow and gain in experience before we will expand the flock once again.

We are offering a small selection of our ewes and ewe lambs, and our entire female crop of 2018 for sale.

Best Wishes – the Baillie family

CALLACRAG FLOCK

FLOCK NOTES

COMPREHENSIVE COVER FOR YOUR LIVESTOCK BUYERS FROM 'FALL OF HAMMER'

If you are planning to sell livestock at the forthcoming sheep sales, have you considered providing purchasers with a period of mortality insurance as an extra incentive to purchase from you?

'Luckpenny Insurance' operates from 'fall of hammer', for a period of 3 months. Each animal is insured against 'death or slaughter on humane grounds' due to 'injury, illness or disease'; death or slaughter must be within the period of insurance cover.

Call us now to talk to an expert to arrange cover before your sales.
