17 Errors and Omissions. The Auctioneers CAN ACCEPT NO responsibility for any errors or omissions printed in this catalogue.

INSPECTIONS

The Carlisle Premier will be the first of five sales to include the presence of veterinary officers during pre-sale inspections to help improve the breed standard. The team of inspectors and vets will be looking for any testicle abnormalities, animals to be correct in the mouth and for good mobility.

It is essential that the vendor is in the pen during inspections to hold the animal and allow for a more thorough inspection, with any issues discussed at the time.

1. Tags which do not comply with UK legislation and Society requirements will result in the sheep being rejected at inspection. All registered lambs must carry tags with the Society logo. Check that tags are correct at time of entry, so that replacement tags can be ordered before the sale.
2. All sheep forward must be back-stamped with the Lot number, failure to do so will result in rejection. It is the responsibility of the vendor or their agent to be present at inspection.
3. Sheep which have failed inspection will be identified by a neck tag marked 'Reject' , or may be removed immediately from the market premises..
4. Rejected sheep which are to be penned with the rest of the consignment must be identified by a neck tag marked 'Reject'. It is a condition of entry that this rule is strictly adhered to. Vendors are advised to check their animals thoroughly prior to departure from home.
5. Inspection will include the following points:- Teeth and Testicles, Mobility Udder, Muscularity and any other points deemed necessary by Council as they see fit.

   Inspection Standards

   TEETH –To be inspected and assessed as correct.

   MOBILITY – Sheep should be mobile and sound. Rams should be capable of natural service.

   TESTICLES - Should be of even size, move freely and be free of abnormalities.

   DOUBLE MUSCLING – Sheep should display double-muscled gigots.

   UDDER - Should be correct and free of abnormalities.

   FLEECE – Should be tight. A medium fleece may be acceptable.

   Vendors must be in the pen during insection and hold the sheep for the veterinary officer.

IRISH INSPECTIONS

In light of new Brexit-imposed rules and regulations for exporting sheep from the UK to Northern Ireland, the Society is giving Irish exhibitors the opportunity to have their sheep inspected prior to travelling to the Carlisle Premier Sale. These inspections will be carried out by the same veterinary officer and inspector as at the Premier Sale, and it is hoped this will reduce the number of sheep not being able to travel back across the water.

However, please note that sheep may still pick up testicular infections or go wrong in the mouth between the Irish inspections and Carlisle Premier Sale, so it is vital buyers still carry out their own inspection of prospective purchases as the Society and Auctioneer accept no liability.

A full list of breeders whose sheep have been inspected in Ireland, and those who have not, will be included in the substitutes list on sale day.
