texelplus indexes have been updated, making them simpler to use and understand.

**In simple terms: higher value = higher profit per lamb**

The texelplus economic indexes support the breed’s development with an increased focus on commercial traits and profitability. The **TERMINAL** and **REPLACEMENT INDEXES** reflect the breed’s influence on industry. Both are presented as the potential extra profit per lamb born in a commercial setting, compared to the population average.

| Index   | Average | Top 25% | Top 10% | Top 5% | Top 1% |
|---|---------|---------|---------|--------|--------|
| <b>Terminal</b><br>Expected change in profit per terminal lamb born       | £4.03   | £5.13   | £6.12   | £6.71  | £7.81  |
| <b>Replacement</b><br>Expected change in profit per replacement lamb born | £4.23   | £5.37   | £6.40   | £7.01  | £8.17  |

The **TERMINAL INDEX** supports increased profitability through improving prime lambs and is weighted strongly for meat production. The **REPLACEMENT INDEX** includes additional maternal traits to optimise production of female replacements.

Commercial producers solely producing prime lambs should use the **TERMINAL INDEX** to inform their selection; however, those retaining female replacements should use the **REPLACEMENT INDEX**.

Sub-indexes underpin the indexes to provide more information on the relative values of growth, carcass quality, reproduction, and adult size.

**An example**

*High ranking rams deliver over £6.00 per lamb more than lower-ranking rams. Over a ram’s working lifetime, this is easily worth an extra £1,500 per ram; generated through shorter finish times and improved carcass quality.*

## Trait weighting

Different emphases are given to individual traits between the terminal and replacement indexes. This results in different sub-index values.

## Growth sub-index

Captures the benefit from growth using eight-week weight and scan weight information. Faster growth is more advantageous.

## Reproduction sub-index

The commercial benefit of lambing ease, litter size and maternal ability. Promotes optimum litter sizes and better mothers.

## Carcass sub-index

The value of muscle and fat weight in the carcass. Encourages muscle growth with fat cover.

## Adult size sub-index

The benefit of mature size as a replacement ewe. Promotes smaller animals as they require less maintenance.

## Accuracy

A measure of accuracy of the index. The higher the number the better.

## Index values

The sum of the sub-index values and potential profit per lamb born for terminal and replacement production.

## Ranking

Where the animal ranks compared to the current average animal.

## FLOCK DISPERSAL - MV

On behalf of T Blythe (Lincs)108-125

A personal message written by Tina:

“The Lincs flock was founded in 1988 by my late father, Henry Ashley. These sheep have been 35 years of my life, and if I did it all again, I wouldn’t change a thing.

I’ve made many friends on my journey and had some fantastic times at shows and sales. I’ve been lucky enough to win Championships at the Royal Welsh, Great Yorkshire Show, Lincolnshire, Norfolk, Rutland and many more.

It hasn’t been an easy decision, but a cumulation of events losing my shed, yard and the possibility of a knee operation have inflicted this.

These sheep are true and honest; if they didn’t do their job, they didn’t stop with me.

I would like to thank everyone who has purchased sheep from me or my dad in previous years. To anyone who buys one of these Texels today, I wish you the best of luck with them and I hope you have as good a time with Texels as I have over the years.

Thank you one and all, Texel Tina”

# FLOCK DISPERSAL - MV

**On behalf of H & A Clarke (Williams) 202-254**

**A personal message from the Clarkes:**

**“The Williams flock was formed in 2009, with the foundation ewes being Millside and Bishop. They were the first flock of Blue Texels to arrive in Norfolk and Suffolk at the time.**

**Over the years, we have been very selective on the type of rams we have used and recently we have used Pistyll Fagan, Auchmantele Fireman Sam, Williams Fast and Furious and Solwayview Dino.**

**We have shown a few times with success and offspring will be in the sale.**

**All ewes and shearlings are Enzo and Toxo vaccinated, and all sheep are on the Heptavac P Plus system. They have been wormed and mineral drenched prior to sale.**

**The reason for dispersal is due to our son William joining the business and wishing to increase the cattle numbers. We have therefore decided to concentrate on just one breed of sheep.**

**We hope they will give you as much enjoyment as they have given us.**

**All the best,  
Andrew, Hayley and William Clarke.”**

**AUCTIONEER'S TERMS & CONDITIONS OF SALE**  
(Incorporating the Auctioneer's Terms and Conditions)

1. The biddings to be regulated by the Auctioneers and the highest bidder, subject to the Vendor's reserve (if any), will be the purchaser. No bid shall be retracted and if any dispute should arise between two or more bidders, the lot in dispute to be put up again and resold, or the Auctioneers may determine the dispute at their own discretion and their decision shall be final. The Auctioneers reserve the right to refuse the bid of any person without being called upon to give reason for such action.
2. The Purchaser to give his full name and dwelling place and pay for all Lots purchased immediately at the close of sale. No Lot or Lots shall be removed from the sale premises until paid for and a pass-out slip obtained from the Auctioneer's office but each and every Lot shall immediately at the fall of the hammer be considered as delivered and be and remain in every respect at the absolute risk and expense of the respective purchaser or purchasers thereof and shall be removed from the sale premises at the purchaser's expense. The right of property shall not pass until the full purchase price is paid.
3. Purchasers paying by cheque must be prepared, if required, to produce a banker's reference. As a result of the Money Laundering Regulations (2003) the auctioneers are unable to accept cash payments in excess of nine thousand pounds sterling for any single or linked purchase transaction.
4. All statements in the catalogue, or made by the Auctioneers at the time of sale, also the correct identification of the animals, are the entire responsibility of the Vendors. The Auctioneers take no personal responsibility for the correctness of such statements or identities.
5. All statements in the catalogue, or any made by the Auctioneers at the time of sale relating to any veterinary or other tests are to be taken as statements of fact only. No such statements shall guarantee the purchaser of any animal against loss arising from the subsequent reaction of such animal to any test administered after the sale and the Vendors shall not be liable in any way should this occur.
6. All stock is sold subject to the Conditions of Sale recommended for use at markets by the Livestock Auctioneers' Markets Committee for England and Wales except in so far as these conflict with any Special Conditions applicable to the sale of pedigree stock, when the latter Conditions shall prevail.
7. Neither the Vendors nor the Auctioneers will be responsible for any accident or injury to persons or property, through fire or any other cause whatsoever, nor for any damage by animals prior to, during or after the sale.
8. No undertaking by the Auctioneers or their servants to take charge of any Lot or Lots after the sale or to forward them to their destination shall be held to impose upon the Auctioneers any legal obligation or vitiate any of these Conditions.
9. In as much as the Auctioneers act as agents for a disclosed principal they shall not be considered personally responsible for any default on the part of either purchasers or Vendors and the remedy shall be against them only and not against the Auctioneers.
10. If these conditions are unfulfilled, the Vendors or Auctioneers shall have the power to resell the Lots, retaining any surplus and charging any deficiency and expense to the defaulter.
11. You have a right to know how we will use the information you have provided to us. We may share the information with other members of our group and may make this information available to relevant media groups and other interested parties on request.
