Beltex Sheep Society - General Sale Bye-Laws

1. All UK-bred sheep entered at Society/Club sales must be fully registered and all fees paid prior to the sale, with the exception of spring ewe and lamb sales where lambs need only be birth notified prior to sale and fully registered, at cost to the vendor, if sold.
2. All tags must comply with UK legislation and Society rules on identification.
3. Substitutes must be declared to the Society within the specified time stated on the sale entry form and catalogue and must be marked with a red dot on the loin.
4. Scrapie genotyping is voluntary but is included in the standard DNA sample for sires used and ewes flushed. All sheep catalogued with scrapie genotype must have valid certificates.
5. The upset (minimum) price is 400gns at the Premier Sale. At all other Society/Club sales, the upset price shall be decided between the Society/Club and the auctioneer.
6. Runs are limited to 10, extra runs are placed at the end of the sale.
7. All sheep entered for Society/Club sales must be inspected by a panel of inspectors appointed by the Society. Some sales will also have a Veterinary Officer aiding with the inspection.
8. The inclusion of any animal in the show and/or sale following any inspection is no warranty that the particular animal meets any criteria or criterion in respects of any standards or will do so in the future.
9. Entry forms must be submitted with all relevant paperwork.
10. Any sheep which has not passed Society/Club inspection should be removed from the vendor's pen as soon as possible, and must not be offered for sale, or advertised or promoted, in the ring.
11. No animal to be sold outside of the ring before entering the sale ring.
12. All animals must be sold in catalogue order.
13. Any sheep to be sold at Society sales must be registered in the flock from which it is to be sold by 31 May in the year of sale.
14. All sheep forward must be back-stamped with the lot number, with the exception of those at spring ewe and lamb sales. Failure to do so will result in rejection from sale.
15. Any rams with semen taken or retained before sale, or females which have been flushed and embryos recovered before sale, must be declared on the entry forms and catalogue and announced at the time of sale. Failure to do so will result in the purchaser having the right to return the sheep. Costs may be incurred by the vendor.
16. Recipients carrying pedigree embryos will be allowed to be sold at the in-lamb female sales after fully registered sheep.
17. All sheep entered at in-lamb sales will be scanned at time of inspection. If any ewe or gimmer is found not to be in lamb these will be rejected from the sale. If any empty ewe lamb is found to be in lamb these will be rejected from the sale.
18. Substitutes allowance per vendor at any sale is three shearing rams, and two per other section. These must be notified to the Society by the time specified on the entry form/catalogue. No substitutes will be allowed on the day. Any un-notified substitutes must be removed from the vendor's pen as soon as possible and must not be offered for sale through the ring.

Note Re Point 15: *Council advise the following: Tick the box on the entry forms and make sure information is given out at time of sale. The vendor must discuss fully with the purchaser any details of retained semen/embryos, specifically whether for own use or if intending to sell. This should be agreed between vendor and purchaser, preferably in writing and signed by both parties.*

Inspections

1. Tags which do not comply with UK legislation and Society requirements will result in the sheep being rejected at inspection. From 2008, all registered lambs must carry tags with the Society logo. Check that tags are correct at time of entry so that replacement tags can be ordered before the sale.

2. All sheep forward must be back-stamped with the lot number, with the exception of those at spring ewe and lamb sales. Failure to do so will result in rejection from sale.
3. Sheep which have failed inspection must be removed immediately from the market premises. Vendors are advised to check their animals thoroughly prior to departure from home.
4. Any animal rejected for testicle abnormality (including size) or incorrect mouth is not allowed to be entered or substituted at later Society/Club sales, with the exception of lambs which may be entered at sales the following year as shearlings.
5. Inspection will include the following points – tags, teeth, testicles, udder, muscularity and any other points deemed necessary by Council as they see fit.

Morris Marshall & Poole with Norman Lloyd are Supporting the Future of Farming

We are proud to work with The Agricultural Mortgage Corporation (AMC) the leading supplier of long-term funding for the Agricultural Sector. The Agricultural Mortgage Corporation (AMC) has been providing medium to long term finance solutions to farmers and rural businesses since 1928. They remain the leading specialists in the rural sector, lending to all types and sizes of farms, landed estates and rural business in the UK.

AMC Loans can support a wide range of purposes including:

- Buying Land and Property
- Building Improvements
- New Buildings and Fixed Equipment
- Purchasing Machinery
- Restructuring Borrowing
- Diversification both on and off farm including Holiday Lets and Buy to Lets etc.
- Paying out a Retiring Partner

Lending Options:

- You can borrow from £25,001 upwards
- Flexible terms ranging from 5 to 30 years
- Fixed or variable interest rates or a combination of both or interest only
- Fixed* or variable interest rates, or a combination of both, on either a Repayment or Interest Only basis

As well as lending to core agricultural businesses AMC can also provide finance for rural enterprises that may not be directly linked with agriculture. Taking into consideration both on and off farm income, finance can be used to support a variety of agricultural or commercial plans.

**There is always a possibility that interest rates may go down leaving a fixed rate loan at a higher level compared to a variable rate loan. However, if interest rates rise, a fixed rate loan will remain at the same rate.*

As the leading AMC agents within our region and a team who have over 60 years' experience between them, we have helped our clients find tailored and competitive agricultural loans through our relationship with AMC. We can discuss your financial needs and help push your business forward.

AMC loans available for business purposes only, provided on a secured loan basis. Minimum AMC standard loan £25,001. To meet customer requirements, lending criteria will vary. Lending is subject to status.
