## BELTEX SHEEP SOCIETY - GENERAL SALE BYE-LAWS

1. All UK-bred sheep entered at Society/Club sales must be fully registered and all fees paid prior to the sale, with the exception of spring ewe and lamb sales where lambs need only be birth notified prior to sale and fully registered, at cost to the vendor, if sold.
  2. All tags must comply with UK legislation and Society rules on identification.
  3. Substitutes must be declared to the Society within the specified time stated on the sale entry form and catalogue, and must be marked with a red dot on the loin.
  4. Scrapie genotyping is voluntary, but is included in the standard DNA sample for sires used and ewes flushed. All sheep catalogued with scrapie genotype must have valid certificates.
  5. The upset (minimum) price is 300gns at the Premier Sale. At all other Society/Club sales, the upset price shall be decided between the Society/Club and the auctioneer.
  6. Runs are limited to 10, extra runs are placed at the end of the sale (see Carlisle Premier Special Sale Bye-Laws for exceptions).
  7. All sheep entered for Society/Club sales must be inspected by a panel of inspectors appointed by the Society. Some sales will also have a Veterinary Officer aiding with the inspection.
  8. The inclusion of any animal in the show and/or sale following any inspection is no warranty that the particular animal meets any criteria or criterion in respects of any standards, or will do so in the future.
  9. Entry forms must be submitted with all relevant paper work.
  10. Any sheep which has not passed Society/Club inspection should be removed from the vendor's pen as soon as possible, and must not be offered for sale, or advertised or promoted, in the ring.
  11. No animal to be sold outside of the ring before entering the sale ring.
  12. All animals must be sold in catalogue order.
  13. Any sheep to be sold at Society sales must be registered in the flock from which it is to be sold by 31 May in the year of sale.
  14. All sheep forward must be back-stamped with the lot number, with the exception of those at spring ewe and lamb sales. Failure to do so will result in rejection from sale.
  15. Any rams with semen taken or retained before sale, or females which have been flushed and embryos recovered before sale, must be declared in the entry forms and catalogue and announced at the time of sale. Failure to do so will result in the purchaser having the right to return the sheep. Costs may be incurred by the vendor.
  16. Recipients carrying pedigree embryos will be allowed to be sold at the in-lamb female sales after fully registered sheep.
  17. All sheep entered at in-lamb sales will be scanned at time of inspection.
  18. Substitutes allowance per vendor at any sale is three shearing rams, and two per other section. These must be notified to the Society by the time specified on the entry form/catalogue. No substitutes will be allowed on the day. Any un-notified substitutes must be removed from the vendor's pen as soon as possible and must not be offered for sale through the ring.
- Note re Point 15:** *Council advise the following: Tick the box on the entry forms and make sure information is given out at time of sale. The vendor must discuss fully with the purchaser any details of retained semen/embryos, specifically whether for own use or if intending to sell. This should be agreed between vendor and purchaser, preferably in writing and signed by both parties.*

### Inspections

19. Tags which do not comply with UK legislation and Society requirements will result in the sheep being rejected at inspection. From 2008, all registered lambs must carry tags with the Society logo. Check that tags are correct at time of entry so that replacement tags can be ordered before the sale.
20. All sheep forward must be back-stamped with the lot number, with the exception of those at spring ewe and lamb sales. Failure to do so will result in rejection from sale.
21. Sheep which have failed inspection must be removed immediately from the market premises. Vendors are advised to check their animals thoroughly prior to departure from home.
22. Any animal rejected for testicle abnormality or incorrect mouth is not allowed to be entered or substituted at later Society/Club sales, with the exception of lambs which may be entered at sales the following year as shearlings.
23. Inspection will include the following points – tags, teeth, testicles, udder, muscularity and any other points deemed necessary by Council as they see fit.

### Inspection Standards

- a. Teeth to be inspected and assessed at the discretion of the inspector/veterinary officer. Teeth must meet the pad, not be overshot or undershot, and no tampering with teeth is permitted.
- b. All sheep should be mobile and rams capable of natural service.
- c. Testicles should be of even size, free of abnormalities and move freely. Minimum testicle size – 27cm for ram lambs and 30 cm for shearing rams and aged rams. Testicles will be measured at the vet/inspector's discretion.
- d. Udders should be correct and free of any hardness or abnormalities.

**The vet and inspector's decision will be final at each sale.**

**24. Shows at Sales**

- a. Each vendor is allowed two entries in each pre-sale show class, bar the Carlisle Premier Sale where only one entry per class is allowed.
- b. All exhibitors should be dressed in a white coat in the show ring.
- c. Exhibitors are permitted to prepare their sheep to the best of their ability.
- d. It is the responsibility of the exhibitor to ensure that each exhibit is available for judging at the correct time.
- e. All prize winners must be offered for sale at auction by the exhibitor at the sale following the show, otherwise awards may be withheld and prize monies forfeited.
- f. The decision of the judge is final.

**25. Sales held under the auspices of the Beltex Sheep Society**

All sheep sold at any Society/Club sale must be registered with the Beltex Sheep Society. Cross-bred sheep must not be listed in any Society catalogue unless they are carrying pedigree embryos.

**Dispersal** (No Inspection required) **Production and Reduction** (Inspection required) Sales to be held at the end of the collective sale and no sheep to be shown in the pre-sale show.

**26. Sale Conditions**

The sale terms and conditions of the LAAS / IAAS shall apply to Beltex Society and club sales with the exception of the duration of the stock ram warranty.

Rams purchased at Society and club sales must prove to be capable of, and effective at, getting at least 1 female in lamb by **15th December** in the year of purchase.

Claims must be notified to the auctioneers by **31st December** and must be supported by vets' reports and any other proof of infertility or incapability. **No claim after that date will be accepted.**

**The auctioneers shall be mediators in disputes between buyer and seller.**

## NOTICE FROM BELTEX SHEEP SOCIETY

Lanark is one of the five sales to include the presence of veterinary officers during pre-sale inspections to help improve the breed standard. The team of inspectors and vets will be looking for any testicle abnormalities, animals to be correct in the mouth and for good mobility.

It is essential that the vendor is in the pen during inspections to hold the animal and allow for a more thorough inspection, with any issues discussed at the time.

# BELTEX SHEEP SOCIETY LTD

**BELTEX - THE STANDARD OF EXCELLENCE**

## ***General Appearance***

The Beltex is a medium sized sheep, long in body. It is wedge shaped from a narrow shoulder to a distinctive large double-muscled hind quarter.

## ***Head***

The head is generally white in colour but may have black, blue or brown shadings or patches. Colour is irrelevant to quality. The fore face is short and thick.

## ***Neck***

The neck is thick and short.

## ***Body***

Well muscled shoulder. A wide back and long barrel shaped body.

## ***Gigots***

The distinctive characteristic of Beltex Sheep is the double-muscled hindquarters, sloping pelvis, low set tail, deep flushed, well rounded and full of meat. The excessive hindquarter development when compared to the line of the shoulders

## ***Legs***

Sheep should be mobile and capable of natural service. Joints should be straight and sound. Legs are usually white but colour is relevant. Feet tight. Pasterns upright. Fine bone structure.

## ***Fleece***

Tight, dense of medium staple length, affording a good protective birth coat to the lamb. A medium to tight fleece is tolerated.

## ***Bone***

Fine bone is a desirable characteristic.

## ***Teeth***

Teeth are inspected and assessed as correct at the discretion of the inspector.

**BELTEX  
SCOTLAND  
CLUB**

### BELTEX SCOTLAND: BALLOT DRAW

*NB: From 5th November 2023, Beltex Scotland Committee have agreed that at all Club Shows & Sales (September and December), that the first 3 consigners and the last 3 consigners of all sections (if entries allow) will be drawn into the middle of the ballot the year following – allowing everyone a fair chance and keeping in similar patterns as per society sales.*

### BELTEX SCOTLAND: INSPECTION

*NB: From 5th November 2023, Beltex Scotland Committee agreed that if a sheep is given a 'Purple Dot' that a fault has been found within the criteria, this must be announced as a fault in the ring at time of sale. Auctioneer must announce this information and reiterate that the breeder will stand by the sheep.*

## **DISPERSAL OF THE ADULT PORTION OF THE COCHRANE'S FLOCK (On behalf of Messrs J & JM Cochrane)**

### **Comprising: 11 Aged Ewes and 10 Gimmers**

The Cochrane's Flock was established in 2004 from select females from Judiths' parents Longley Flock which went back to 1993.

Over the years we have stuck to our goals and turned out naturally reared stock with minimal reliance on embryo transfer. This mindset has allowed us to put forward pens of commercial shearlings for sale through Lawrie & Symington Ltd, Lanark that have had longevity bred through them.

We have never chased breeding rams for pedigree breeders but instead have taken great pleasure in selling pens of commercial tups, with anything else viewed as a bonus.

In previous years we have sold shearlings to 1,600gns; 1,300gns; and 1,200gns with pen averages consistently sitting between £950 and £1080 year on year.

When selecting stock rams we have generally chosen shearing rams that have the attributes we would like to mirror in our own shearlings. Previous stock rams include the 2,500gns Borderesk Jackaroo who left a great stamp on our flock, the 2,000gns 2005 RHASS Breed Champion Glebe and the 3,500gns Tullylagan Jaguar to name a few.

Our personal highlight in the breed would be breeding and selling Cochrane's Nimrod as an Aged Ram through Lawrie & Symington Ltd, Lanark for 3,500gns back in 2011. Before we sold Nimrod we used him for two years ourselves and his breeding is behind a lot of our dispersal females today.

After 31 enjoyable years being part of the Beltex breed, we have decided it is time to disperse. With circumstances changing, between the steady expansion of the farming business, contract shearing and sheep scanning runs, it is becoming harder for us as a family to give the Beltex the attention they deserve.

We will be sorry to see them go but will eagerly watch to see how our bloodlines go on in their new homes. We would like to thank all purchasers past or present and wish everyone the best of luck for the future.

***Judith, Ewan & Craig Cochrane***
